

TECHNICAL WORKSHOP

AGENDA

Exchange with the participants around the following questions.

Session 1

How can we optimize underground facilities for wider geothermal energy production?

- What are the technical bottlenecks?
- What could be the business models to reuse wells?
- What are the opportunities for subsurface energy industries to diversify into geothermal activities?

Session 2

How can we explore and enhance unconventional geothermal systems?

- How can we explore them?
- How can we enhance them?
- How to validate public acceptance for unconventional geothermal project?

Session 3

How can we boost deep geothermal across Europe?

- How to support decision making for deep geothermal project?
- What is needed to identify potential replication sites for deep geothermal?

WEDNESDAY, OCTOBER 23RD

- 09:00 - 10:00 Welcome coffee and networking
- 10:00 - 11:00 General overview of MEET project
- 11:00 - 12:15 Workshop session 1
- 12:15 - 13:45 Lunch and networking
- 13:45 - 15:00 Workshop session 2
- 15:00 - 15:30 Coffee break
- 15:30 - 16:45 Workshop session 3
- 16:45 - 17:00 Conclusion and perspectives

THURSDAY, OCTOBER 24TH

- 09:00 - 12:00 VERMILION sites visit
